### Objective

The course will provide participants with an overview of employment opportunities available for them. They will figure out which strategies they can apply to find a job that matches their profile. Participants will also learn more about the career options that different occupational fields can offer.

### Description

Participants will develop individual job application strategies based on their personal and professional background and employment options.

The relevant criteria that are obligatory for a written job application will be covered. Participants will also be given the opportunity to have their application documents analyzed and optimized in an individual online coaching session with the trainer.

One particular session of the workshop will deal with the job interview. Which aspects should an interviewee pay special attention to, and what are the elements of a typical job interview?

Finally, participants will act out particular aspects of a job interview to feel more confident in these situations.
